KIDLINGTON PARISH COUNCIL
Calendar of meetings 2024/2025 (provisional)

The draft Calendar of meetings below will need to be formally approved at the Council Meeting on 9 May, All that is sought at this stage is provisional approval.

The Calendar is obviously complicated by the current proposals to change the designation and terms of reference of committees.

Councillors are therefore invited to agree the proposed dates in principle on the understanding that:

1. Planning will be replaced by the proposed new Development and Strategy Committee;
2. Policy and Finance will be replaced by the proposed new Finance and Assets Committee;
3. it should be possible sometimes to hold these two new Committees on the same evening, or to have either on the same evening as Community, because
    a. the Strategy and Planning Committee will have a much larger remit than the current Planning Committee, but in some months will only deal with planning matters;
    b. the Finance Committee will have a much smaller remit than the current Policy and Finance Committee.

   However this can be discussed further: see times currently marked by queries on the draft calendar.

If Council should decide to retain the present committee structure, the proposed dates could be used for the old committees rather than the new ones.

DAVID ROBEY
28 March 2024

KIDLINGTON PARISH COUNCIL
