2 December 2020

Our reference: DCL 67m 40c and DCL 67m 78c

Dear Neighbour,

Yarnton Lane and Sandy Lane level crossings

Further to our previous communications regarding public information drop-in sessions in your local area, it now looks unlikely that we will be able to come and see you in person due to the coronavirus pandemic restrictions; however, we still want to provide information on the project and give you a chance to ask questions, so we would like to invite you to attend an online event.

The event will take place via Microsoft Teams on 10 December 2020 between 18.30 – 19.30. The first part will be a presentation on the scheme, followed by a question and answer session.

Questions can be submitted during the presentation via the Q&A field (we will explain how to do this at the start of the event) and we will try and answer as many as we can, but if we run out of time, responses will be provided for your local Parish Councils to put on their websites.

To access this event, you do not need to have Microsoft Teams installed on your device, you just have to type the link below into your browser.

if the shorter link does not work.

Please note that the session will be recorded for internal purposes only. We would also ask you to bear with us, as this is the first time we've run such an event.
